

New IDEMITSU IFG and IRG oils were perfected by taking full advantage of the latest technology and 110+ years of oil expertise.

The road to this achievement was long and hard, paved with much research and testing from the perspective that engines are the hearts of vehicles and engine oil is the lifeblood that protects and brings out their full, lively potential.

All-purpose formulas for diverse products aren't good enough. At IDEMITSU, we insist on precisely tailoring formulas to meet particular needs.

As a lubricant expert, we use cutting-edge nanoscale technology to create Nano Tailored Oil of unrivaled precision.

Our engine oils are like blood, bringing life and vigor to high-precision engines. Savor the driving pleasure that only uncompromising commitment can deliver.

IDEMITSU IFG and IRG Series

Brochure

IDEMITSU IFG 7, 5, and 3 Series

Engine oils for cars
Conceived by demanding enthusiasts particular about engine oil, IDEMITSU IFG lets you enjoy peak engine performance and driving pleasure beyond expectation thanks to precision tailored technology.

Feel the excitement in your heart.

IDEMITSU IRG 7, 5, and 3 Series

Engine oils for motorcycles
IDEMITSU IRG series engine oil was created by combining the accumulated know-how of IDEMITSU engineers in superbike racing and MotoGP, the pinnacle of motorcycle road racing sponsored by IDEMITSU. Our nano-tailored formulations enable acceleration and horsepower at the superbike racing level, as well as stress-free shifting that lets you concentrate on riding.

IDEMITSU IFG 7 Series

IFG 7 is formulated based on Septet Guard technology and is the flagship product with the greatest performance offered by IDEMITSU. It is the engine oil that condenses IDEMITSU's cutting-edge oil technology and know-how that we have provided for factory fill oils and genuine oils of top OEMs around the world. IFG 7 unleashes the peak performance of Japanese cars. For special scenes and occasions, enjoy a more luxurious and confident driving experience.

IDEMITSU IFG 7 0W-20 SP/GF-6A

Meets and exceeds: API SP / ILSAC GF-6A

0W-20	1L	4L	
Fully Synthetic			

IDEMITSU IFG 5 Series

IFG 5 is formulated to perfectly harmonize the five protective benefits of Quintet Guard and maximize performance. This precisely tailored engine oil is the culmination of advanced technology.

IDEMITSU IFG 5 5W-30 SP/GF-6A

Meets and exceeds: API SP / ILSAC GF-6A

5W-30	1L	4L	
Fully Synthetic			

IDEMITSU IFG 3 Series

Multidimensional engine protection and fuel economy. Above international standard and OEM standards.

IDEMITSU IFG3 5W-30 SP/GF-6A

Meets and exceeds: API SP / ILSAC GF-6A

5W-30	1L	4L	
Fully Synthetic			

IDEMITSU IFD 7 Series

This series is formulated for 4-wheel gasoline and diesel engine vehicles. ACEA A/B spec oils offer high durability, long-life performance, anti-wear engine protection and high piston cleanliness. ACEA C spec oils (compatible with catalysts and GPF/DPF) offer low friction and high fuel economy. All meet demanding OEM requirements.

IDEMITSU IFD 7 5W-40 SNA3B4

Meets and exceeds: API SN, ACEA A3/B4
Quality level is equivalent to: MB229.3, MB229.5, RN0700, RN0710

5W-40	1L	4L	Fully Synthetic
-------	----	----	-----------------

IDEMITSU IFD 3 Series

IFD3 5W-40 offers superb cold start protection & therefore, reduces engine wear & tear significantly. The special additives added contribute to a significant reduction in engine noise.

IDEMITSU IFD 3 5W-40

Quality level is equivalent to: API SN/CF

5W-40	1L	4L	Fully Synthetic
-------	----	----	-----------------

IFD3 10W-40 is a premium engine oil formulated from specially refined paraffinic base oils, combined with the most modern friction modifier, detergent-dispersant, anti-corrosion, anti-wear and other protective properties.

IDEMITSU IFD 3 10W-40

Quality level is equivalent to: API SN/CF

10W-40	1L	4L	Semi Synthetic
--------	----	----	----------------

IDEMITSU IRG 7 Series

IRG 7 is formulated based on Septet Guard technology and offers flagship IDEMITSU performance, including high protection, horsepower and acceleration thanks to racing oil technology. Even at ultra-high temperatures, it minimizes oil evaporation and does not degrade in quality until it is time for the regular oil change.

IDEMITSU IRG7 10W-40 MA2

Meets and exceeds: JASO MA2

Quality level is equivalent to: API SN

10W-40	1L	Fully Synthetic
--------	----	-----------------

IDEMITSU IRG 5 Series

IRG 5 is formulated to perfectly harmonize the five protective benefits of Quintet Guard and maximize performance. This precisely tailored engine oil is the culmination of advanced technology. It enables a smooth shift feel and a safer, more enjoyable and comfortable ride. You also feel more excited because engine response better matches your intentions.

IDEMITSU IRG 5 10W-30 MA2 IDEMITSU IRG 5 10W-30 MB

Meets and exceeds: JASO MA2 or JASO MB

Quality level is equivalent to: API SN

10W-30	1L	Fully Synthetic
--------	----	-----------------

IDEMITSU IRG 3 Series

Multidimensional engine protection. Above international standard and OEM standards.

IDEMITSU IRG 3 10W-40 MA

Meets and exceeds: JASO MA

Quality level is equivalent to: API SL

10W-40	1L	Semi-Synthetic
--------	----	----------------

IDEMITSU IRG 3 10W-40 MB

Meets and exceeds: JASO MB

Quality level is equivalent to: API SL

10W-40	1L	Semi-Synthetic
